Subject: CONTRACT SC-56

Dear Bob:

In response to your communication dated October 22, 1956, there are attached two schedules showing the "special expenses" disbursed on your behalf covering the period through 31 May and 30 June 1956. As the records will show, these checks were presented with your communications dated July 27 and August 20, 1956.

We regret the delay in the transmission of the attachments; however, as you can well appreciate, it takes some time to secure signatures of so many individuals, particularly at an installation where employees are continuously absent for the purpose of locating and adjusting into the next permanent home.

Will you please advise Hal and/or Dudley that the payments accomplished under our respective agreements will be forwarded within the next few days.

Doug
